

The Unionville Residents Association (URA) is a non-partisan volunteer organization founded in 1974 to represent the interests of the residents of Unionville. We are registered with the Province of Ontario and the City of Markham.

We host regular meetings for all residents, and stay current on issues in Unionville and Markham. We engage in numerous community and municipal activities, inform and educate residents on multiple topics of interest, advocate for positions taken by our membership, and ensure our members' opinions are known to government officials and staff.

## Join Us Today!
